ABOUT

Grace International Services is a fast-growing distributor of pharmaceutical, medical, and hospital supplies serving more than 37 states nationwide. With over 20 years of experience providing convenient and quality service, GIS Medical has established itself as a reliable partner to state, federal, and local government entities.

CORE COMPETENCIES

Prescription, non-prescription, and specialty medications, chemotherapy, over-the-counter medications, nutritional products, and diabetic supplies that promise:

Personalized Service | Timely Distribution | Dependable Supply

GIS Medical is an experienced shipper with fast, reliable domestic and worldwide delivery capabilities. We coordinate time-sensitive fulfillment, packing, tracking, and delivery for medical, surgical, pharmaceutical, and emergency supply shipments.

We are committed to maintaining the security and integrity of the pharmaceutical supply chain. We utilize EPCIS with our authorized trading partners to support secure information exchange and product verification.

PERFORMANCE

650+ completed awards in 2025 & 2026. These awards range from small to large shipments of medications and medical supplies, with a **92% positive evaluation rating.**
